

# S-585

---

The London Fogger has been designed with safety and reliability in mind. Every unit is equipped with the exclusive Auto Extract System (AES) that extracts fluid from the heating module after smoke production. The AES prevents residual build-up, clogging, and reduces incidental puffing.

Each unit comes complete with a remote control on a 50 foot extension cord to make that next training exercise go extra smooth. And with the AES, you are guaranteed that the first puff of smoke won't be the last.

The London Fogger can produce white smoke for up to 2.5 hours with a full bottle of the water based fluid (2.5L).

## Specs

HxWxD .....	10" x 20" x 9"
Weight .....	26 lbs
Requirements .....	230V AC
Run .....	1400 watts
Warm Up Time.....	10 minutes
Fluid Consumption.....	35 oz/hour
Smoke Production.....	1800 CFM

3842 Redman Dr  
Fort Collins, CO 80524
