

## Draeger Polytron 2 XP Tox detector for continuous monitoring of toxic gases and oxygen in ambient air

### Technical Specification

<b>Make</b>	Draeger
<b>Company</b>	Drägerwerk AG & Co. KGaA
<b>Model code</b>	Polytron 2 XP Tox
<b>Type</b>	Gas

## Additional info

### Features:

**Easy to install:** The enclosure of the Draeger Polytron 2 XP Tox provides two mounting holes. For easy wiring, the electronics are enclosed in their own modular housing; this can be removed from the main unit but is tethered for security. The field cable, is fed through a sealed conduit and terminated in a pluggable connector on the printed circuit board.

**One man calibration:** All setup and maintenance can be performed without opening the transmitter or declassifying the hazardous area.

**DraegerSensor technology:** The built-in sensor data memory containing all the relevant gas and calibration information, together with on board temperature and pressure compensation gives
