

Fire Lite Alarms (Honeywell) C4WT-BA photoelectric smoke detector

Technical Specification

Make	Fire Lite Alarms (Honeywell)	
Company	Fire Lite Alarms (Honeywell)	
Model code	C4WT-BA	
Type	Smoke	

Additional info

Fire Lite Alarms (Honeywell) C4WT-BA is a four-wire photoelectric smoke detector with fixed thermal sensor and ULC listing. It offers a number of intelligent features to simplify testing and maintenance. The detector provides wide-angle red and green LED indicators for instant inspection of detector condition. The LEDs indicate: normal standby, out-of-sensitivity, alarm, or freeze trouble conditions.
